M. ANAS TARIQ

echobytes592@gmail.com | +92 349 5702371 | Rawalpindi, Pakistan
Graphic Designer & Front-End Developer

PROFESSIONAL SUMMARY

Creative and highly motivated Graphic Designer with hands-on experience designing high-impact visual assets for digital marketplaces, YouTube content, and social media branding. Skilled in combining modern graphic design principles with front-end web development to create visually engaging and user-focused digital experiences.

Strong understanding of visual branding, typography, UI layouts, and conversion-focused design strategies. Passionate about building clean, modern, and professional digital products using both creative and technical skills.

PROFESSIONAL EXPERIENCE

Freelance Graphic Designer & Digital Vendor | Digital Marketplaces (Daraz, OLX, YouTube)
2026 – Present

- Designed high-converting promotional banners and product showcase graphics for software and digital product listings.
- Created engaging YouTube thumbnails and social media marketing content to improve audience engagement and branding consistency.
- Delivered custom graphic assets for clients while managing revisions, communications, and project delivery workflows.
- Built visually optimized content focused on increasing click-through rates and customer interaction.

Emergency Services Support & Professional Food Service
Experience

- Developed strong communication, teamwork, and problem-solving abilities in fast-paced environments.
- Improved adaptability and stress management skills while working in demanding operational situations.
